EXECUTIVE OFFICER SUMMARY REPORT
May 14, 2003

ITEM: 7

SUBJECT: Rescission of Waste Discharge Requirements for Ms. Jean Somers, Channel Cats RV Park, Riverside County
(Tentative Order No. R9-2003-0120 rescinding Order No. 96-08) (*Eric Becker*)

PURPOSE: To rescind Order No. 96-08, Waste Discharge Requirements for Ms. Jean Somers, Channel Cats RV Park, Riverside County

PUBLIC NOTICE: The Regional Board Agenda Notice was mailed on April 24, 2003 and has been posted on the Regional Board web page. This notification satisfies the requirements pursuant to State Government Code Section 11125 for a 10-day notice.

DISCUSSION: Order No. 96-08 for Channel Cats RV Park established requirements for a new wastewater disposal system to be designed and installed in accordance with County of Riverside, Department of Health Services' regulations. The park, which was to be built near 28393 Somers Road, Murrieta, in the Santa Margarita Hydrologic Unit, was never constructed. The proposed facility was to consist of 79 spaces with full hook-ups, a single family residence, lined fishing ponds, shops and a restaurant. The disposal system was to include an impervious dump station and a septic tank/leach field system.

All Annual Monitoring Reports received from 1996-2002 indicated that the park was not in operation.

By letter dated March 14, 2003, Ms. Jean Somers, owner of Channel Cats RV Park, notified this Regional Board that efforts to accomplish financing to build the park had not succeeded and requested the rescission of the Waste Discharge Requirements. Since water and sewer utilities are

now available to the property location, future investors in the property will not need permit coverage.

Tentative Order No. 2003-0120 would, if adopted, rescind Order No. 96-08.
